OBJECTIVE

Motivated BMS graduate with expertise in Finance and strong skills in financial analysis and market research.

Eager to contribute analytical and leadership abilities to a dynamic organization.

WORK EXPERIENCE

Wilson College, Mumbai — Student Representative, IQAC
2023 - 2024

- Represented unaided courses, contributing to quality initiatives and academic development discussions.

Wilson College, Mumbai — Placement Cell Executive
2023 - 2024

- Acted as liaison between students and recruiters; coordinated campus drives, scheduling, and ensured a seamless placement process as well as increased the placement percentage by 5x than the previous year.

BSE Brokers Forum — Finance Intern
2023

- Supported financial analysis projects, database management, and reporting tasks; contributed to enhancing operational efficiency of the forum.

Leo Club of Seven Islands — Fellowship Director
2023 - 2024

- Spearheaded initiatives to foster fellowship and engagement; organized community service events enhancing club visibility and camaraderie.

PROJECTS

Financial Analysis of Asian Paints Ltd. (FY2020–FY2024) : Designed a professional equity research-style report integrating financial models, ratio analysis, and visual data presentations as a self initiated in-depth analysis financial project also covering revenue growth, Company ratios, etc . Applied Discounted Cash Flow (DCF) valuation and peer comparison to assess intrinsic value.

Insider Trading Data Automation Tool (WhiteSignal) : <https://whitesignal.site>

Conceptualized, built, and deployed a fully automated insider trading signal platform that tracks real-time corporate disclosures from BSE and NSE.

- Automated data ingestion, enrichment (via AI/LLM), and distribution workflows using **n8n**, **Supabase**, and **Google Cloud VM**.
- Developed and deployed a responsive **React + Tailwind** website showcasing live insider trading signals and analytics.
- Designed the end-to-end architecture covering PDF parsing, data normalization, and public “Live Feed” updates.
- Integrated email digests and alert systems for investors, improving market transparency and accessibility.
